**FIRST QUARTERLY REPORT
FOR THE THREE MONTHS ENDED 31 MARCH 2019**

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”).

Hong Kong Exchanges and Clearing Limited and The Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of Phoenix Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. ^{*} The total of these accounts as at the reporting date represents “Reserves” of HK\$24,606,472 (2018: adjusted balance from adoption of HKFRS 9 of HK\$25,558,968) in deficit in the consolidated statement of financial position.

NOTES:

1. BASIS OF PREPARATION

This unaudited condensed consolidated financial information for the three months ended 31 March 2019 has been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) which collectively includes all applicable individual HKFRSs, Hong Kong Accounting Standards (“HKAS”) and Interpretations issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). The unaudited condensed consolidated financial information also include the applicable disclosure requirements of the GEM Listing Rules. The unaudited condensed consolidated financial information should be read in conjunction with the audited annual financial statements of the Group for the year ended 31 December 2018.

Except as for the adoption of new and revised HKFRSs issued by the HKICPA, which are effective for the Group’s financial year beginning 1 January 2019, the accounting policies applied are consistent with those of the audited annual financial statements of the Group for the year ended 31 December 2018, as described in those audited annual financial statements. Other than as explained below and described in those audited annual financial statements regarding the impact of HKFRS 16 “Leases” (“HKFRS 16”), the Directors anticipate that the application of these new and revised HKFRSs will not have material impact on the unaudited condensed consolidated financial information of the Group.

Upon the initial application of HKFRS 16, the Group has measured the rights-of-use assets as if HKFRS 16 had always been applied by using the incremental borrowing rate at initial application date and the opening balances of lease liabilities and the corresponding right-of-use assets have been adjusted to HK\$9,406,280 and HK\$8,281,925 respectively, after taking account the effects of discounting, as at 1 January 2019.

The Group has elected to use the modified retrospective approach for the adoption of HKFRS 16 on 1 January 2019 and recognized the cumulative effect of initial application as an adjustment to the opening balance of equity at 1 January 2019. Comparative information has not been restated. The following table summarises the impact of adopting HKFRS 16 on the opening balance of accumulated losses.

	Impact of adopting HKFRS 16 on opening balance HK\$
Non-current assets	
Right-of-use assets	8,281,925
Current liabilities	
Lease liabilities	(1,291,254)
Non-current liabilities	
Lease liabilities	<u>(8,115,026)</u>
Equity	
Cumulative effect on accumulated losses	<u><u>1,124,355</u></u>

Taxes on income in the periods are accrued using the tax rate that would be applicable to expected total annual earnings, that is, the estimated average annual effective income tax rate applied to the pre-tax income of the period.

The Group has not early applied the new and revised HKFRSs that have been issued by the HKICPA but are not yet effective.

The preparation of unaudited condensed consolidated financial information requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these unaudited condensed consolidated financial information, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the audited annual consolidated financial statements of the Group for the year ended 31 December 2018.

Under the two-tiered profits tax rates regime, the first HK\$2,000,000 of profits of qualifying entities will be taxed at 8.25%, and the profits above HK\$2,000,000 will be taxed at 16.5%. The profits of entities not qualifying for the two-tiered profits tax rates regime will continue to be taxed at 16.5%.

(b) PRC Enterprise Income Tax

The income tax provision of the Group in respect of its operations in the PRC has been calculated at the applicable tax rate on the estimated assessable profits for the period and prior period based on the existing legislation, interpretations and practices in respect thereof. The applicable income tax rate is 25% (2018: 25%) for the three months ended 31 March 2019.

MANAGEMENT DISCUSSION AND ANALYSIS

Operations and Financial Review

Revenue

During the Reporting Period, the Group's financial result was principally derived from the contract manufacturing and sales of smart cards.

During the Reporting Period, the Group's revenue generated from the SIM card manufacturing business amounted to approximately HK\$10.3 million, a decline of approximately HK\$0.8 million or 7.2% as compared to the corresponding period in 2018 of approximately HK\$11.1 million. The management expects that the orders for the rest of the year will continue to increase.

Cost of Sales ("COS") and Gross Profit

During the Reporting Period, cost of sales incurred for the SIM card manufacturing business amounted to approximately HK\$7.2 million, a decline of approximately HK\$2.2 million or 23.4% as compared to the corresponding period in 2018 of approximately HK\$9.4 million. The reason for the substantial decrease in costs is a better sales-mix of an increased provision of higher-value-added service.

Due to the above-mentioned, gross profit of the Group rose by approximately HK\$1.3 million or 72.2%, from the corresponding period in 2018 of approximately HK\$1.8 million, to approximately HK\$3.1 million.

Other Income

Other income of approximately HK\$0.01 million (three months ended 31 March 2018: approximately HK\$0.04 million) was mainly comprised of sundry income.

Other gains/(losses), net

During the Reporting Period, other gains amounted to approximately HK\$2.03 million (three months ended 31 March 2018: losses of approximately HK\$0.09 million), which was attributable to the exchange gains arising from foreign currency based transactions.

Selling and Distribution Costs

During the Reporting Period, selling and distribution costs amounted to approximately HK\$0.71 million, representing a decline of approximately HK\$0.15 million, or 17.4%, as compared to the corresponding period in 2018 of approximately HK\$0.86 million. The decrease was mainly due to a decrease in local transportation costs caused by the decline in a certain SIM card customer's revenue year-on-year, whose orders required local delivery.

Administrative Expenses

Administrative expenses recorded a drop of approximately HK\$3.23 million, or 35.7% during the Reporting Period, from approximately HK\$9.05 million for the corresponding period in 2018, to approximately HK\$5.82 million. The decrease was primarily attributable to the share-based payments expense with a fair value of approximately HK\$3.34 million which was recognised in 2018 for share options granted to the Directors and certain employees of the Group.

Finance Costs

During the Reporting Period, the Group's finance costs amounted to approximately HK\$0.22 million (three months ended 31 March 2018: approximately HK\$0.25 million). The decrease was due to lower average borrowings year-on-year.

Income Tax Expense

During the Reporting Period, an income tax expense of approximately HK\$0.27 million, which is primarily attributable to the Hong Kong Profits Tax based on the estimated assessable profits arising from the SIM card business, was provided for (three months ended 31 March 2018: nil).

Non-controlling Interest

During the Reporting Period, losses attributable to the non-controlling interests amounted to approximately HK\$0.05 million (three months ended 31 March 2018: HK\$0.06 million).

As a result of the foregoing, loss attributable to owners of the Company during the Reporting Period amounted to approximately HK\$1.85 million (three months ended 31 March 2018: approximately HK\$8.39 million).

LIQUIDITY AND FINANCIAL RESOURCES/CAPITAL STRUCTURE

During the period under review, the Group financed its business operations and investments with cash revenue generated from operating activities and other borrowings. As at 31 March 2019, the Group had cash and bank balances of HK\$14.7 million (31 December 2018: HK\$0.8 million), and other borrowings of HK\$0.6 million (31 December 2018: HK\$6.5 million).

As at 31 March 2019, the Group had current assets of HK\$124.3 million (31 December 2018: HK\$132.8 million) and current liabilities of HK\$47.2 million (31 December 2018: HK\$52.3 million). The current ratio, expressed as current assets over current liabilities, was 2.6 (31 December 2018: 2.5).

GEARING RATIO

The gearing ratio of the Group, expressed as a percentage of total borrowings including lease liabilities to total assets of the Group, was 8.2% as at 31 March 2019 (31 December 2018: 4.6%).

AUDIT COMMITTEE

The Company has established an audit committee with written terms of reference in compliance with the GEM Listing Rules. The primary duties of the audit committee are to review and supervise the financial reporting process and internal controls system and risk management systems of the Group. The audit committee comprises three independent non-executive Directors, namely, Ms. Wong Ka Wai, Jeanne, Mr. Leung Ka Kui, Johnny, and Mr. Chan Siu Wing, Raymond. The Chairman of the audit committee is Ms. Wong Ka Wai, Jeanne.

The Group's unaudited results for the three months ended 31 March 2019 have been reviewed by the audit committee.

COMPLIANCE WITH THE CODE ON CORPORATE GOVERNANCE PRACTICES

The corporate governance principles of the Company emphasise a quality Board, sound internal controls, transparency and accountability to all shareholders. Throughout the three months ended 31 March 2019, the Group complied with the code provisions in the Code on Corporate Governance Practices (the "Code") as set out in Appendix 15 of the GEM Listing Rules, except for the code provision A2.1 stipulated in the following paragraphs.

The Code provision A2.1 stipulates that the roles of Chairman and Chief Executive Officer ("CEO") should be separated and should not be performed by the same individual. The division of responsibilities between the Chairman and CEO should be clearly established and set out in writing.

Ms. Lily Wu ("Ms. Wu") serves as the Chairman of the Board since 1 April 2006. Mr. Anton Ho, the former CEO, resigned from the post with effect from 1 January 2009 and the position was left vacant since his resignation. After due and careful consideration by the Board, Ms. Wu was further appointed as the CEO on 23 March 2009. The reasons for not splitting the roles of chairman and CEO are as follows:

- The size of the Group is still relatively small and thus not justified in separating the roles of chairman and CEO; and
- The Group has in place an internal control system to perform the check and balance function. Ms. Wu is primarily responsible for leadership of the Group and the Board, setting strategic direction, ensuring the effectiveness of management in execution of the strategy approved by the Board. Execution responsibilities lie with another executive Director and senior management of the Company.

Thus, the Board considers that the current structure of vesting the roles of Chairman and CEO in the same person will not impair the balance of power and authority between the Board and the management of the Company.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted a code of conduct regarding Directors' securities transactions on terms no less exacting than the required standard of dealings as set out in Rules 5.48 to 5.67 of the GEM Listing Rules.

Having made specific enquiry by the Company, all Directors have confirmed that they have complied with the required standard set out in such code of conduct throughout the three months ended 31 March 2019.

COMPETING INTERESTS

As at 31 March 2019, none of the directors or the management shareholders or any of their respective associates (as defined under the GEM Listing Rules) of the Company had any interest in a business that competed or might compete with the business of the Group directly or indirectly.

PURCHASE, SALE OR REDEMPTION OF SECURITIES

Neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's securities during the three months ended 31 March 2019.
